

Nectifirm® Advanced

Next generation technology for younger-looking neck and décolletage

PRODUCT FACT SHEET

packaging size (retail)	professional size	trial size	sample available	product pH level	product should last
48g bottle	NA	14g	3ml tube	Skin-Neutral	2-3 months

Primary Benefits

A new generation of age-defying technology, this peptide-packed formula is exclusively designed to target moderate to advanced signs of ageing for the neck, jawline and décolletage. Formulated using a proprietary blend of peptides, proteins and pioneering ingredients, Nectifirm® Advanced works with the skin's own Microbiome to naturally brighten and even skin tone.

Points of Difference

A potent blend of 8 distinctive peptides lessens the look of lines and wrinkles by strengthening the dermal-epidermal junction (DEJ) and enhancing the extra-cellular matrix (ECM). Diglucosyl Gallic Acid works with the skin's own Microbiome to enhance natural mechanisms for brighter, more even skin tone. Lingonberry Extract utilises "Smart Antioxidant Technology" by helping the skin enhance its own antioxidant system. An extract of Red Microalgae soothes and provides a lifting effect. Specialised ingredients slim and firm the neck by addressing adipose tissue.

Who Benefits

All skin types. For those who have moderate to advanced signs of ageing.

How to Use

Dispense 2 pumps into palm of hand. Using upward strokes, gently apply onto décolletage, working your way up the neck to the jawline. Use twice daily.

Ingredients

WATER (AQUA), GLYCERIN, PORPHYRIDIUM POLYSACCHARIDE, CETEARYL ALCOHOL, ISOSORBIDE DICAPRYLATE, BUTYLENE GLYCOL, METHYLSILANOL CARBOXYMETHYL THEOPHYLLINE ALGINATE, CANARIUM INDICUM OIL, TRICAPRYLIN, C12-15 ALKYL BENZOATE, LAURYL LACTATE, DIMETHICONE/VINYL DIMETHICONE CROSSPOLYMER, SQUALANE, COCOS NUCIFERA (COCONUT) FRUIT EXTRACT, RUSCUS ACULEATUS ROOT EXTRACT, TETRAHEXYLDECYL ASCORBATE, PALMITOYL TRIPEPTIDE-38, HELICHRYSUM STOECHAS EXTRACT, CAMELLIA SINENSIS (GREEN TEA) LEAF EXTRACT, VACCINIUM VITIS-IDAEA FRUIT EXTRACT, PALMITOYL TRIPEPTIDE-5, GLYCERYL CAPRYLATE, TETRADECYL AMINOBUTYROYLVALYLAMINOBUTYRIC UREA TRIFLUOROACETATE, CERAMIDE NG, SOLIDAGO VIRGAUREA (GOLDENROD) EXTRACT, ASTRAGALUS MEMBRANACEUS ROOT EXTRACT, PALMITOYL DIPEPTIDE-5 DIAMINOBUTYROYL HYDROXYTHREONINE, CITRUS LIMON (LEMON) PEEL EXTRACT, UNDARIA PINNATIFIDA (ALGAE) EXTRACT, HYDROLYZED LUPINE PROTEIN, TRIFLUOROACETYL TRIPEPTIDE-2, EPIGALLOCATECHIN GALLATE, STEARETH-20, ACETYL TETRAPEPTIDE-2, PALMITOYL HEXAPEPTIDE-12, HYDROLYZED MANIHOT ESCULENTA TUBER EXTRACT, CETYL ALCOHOL, ACETYL DIPEPTIDE-1 CETYL ESTER, DIGLUCOSYL GALLIC ACID, DICETYL PHOSPHATE, STEARETH-10, CETETH-10 PHOSPHATE, LAURETH-3, TOCOPHEROL, PEG-10 PHYTOSTEROL, DIMETHICONE, LEUCONOSTOC/RADISH ROOT FERMENT FILTRATE, CAPRYLYL GLYCOL, TRIBEHENIN, DEXTRAN, CARBOMER, DISODIUM EDTA, HYDROXYPROPYL CYCLODEXTRIN, XANTHAN GUM, HYDROXYETHYLCELLULOSE, SILICA, AMINOMETHYL PROPANOL, PROPANEDIOL, POTASSIUM SORBATE, MAGNESIUM CHLORIDE, CITRIC ACID, SODIUM BENZOATE, FRAGRANCE (PARFUM).

Nectifirm® Advanced

Next generation technology for younger-looking neck and décolletage

F R E Q U E N T L Y A S K E D Q U E S T I O N S

1 Why do I need a neck cream? Can't I use my face moisturiser? The neck ages differently to the skin on your face and requires its own unique, topical anti-ageing technology. Ageing on the neck is a result of cumulative damage from repeated movements, tech neck, excess fat, less moisture and sun exposure. The neck and area under the chin accumulate fat over time differently than the face. Anti-ageing facial moisturisers only provide minimal benefits as they are not formulated with the neck in mind.

2 How soon should I start using a neck cream? The earlier you start treating the skin on your neck, the less damage you will have. Prevention and correction are the key to maintaining a youthful neck. Those with moderate to advanced signs of ageing should use Nectifirm® Advanced.

3 How does Nectifirm® work? Nectifirm® Advanced contains Helichrysum Stoechas Extract to enhance the overall condition of the extra-cellular matrix (ECM) which strongly influences the condition and outward appearance of the skin. Nectifirm® Advanced also contains Diglucosyl Gallic Acid that works with the skin's Microbiome to enhance natural mechanisms for brighter, more even skin tone. With "Smart Antioxidant Technology", Lingonberry Extract stimulates the skin's own Superoxide Dismutase, an enzyme that helps prevent damage to skin cells.

4 Which ingredients provide a smoothing and lifting effect? Hydrolysed Manihot Esculenta Tuber Extract, an extract of Cassava, and Porphyridium Polysaccharide, an extract of Red Microalgae, help provide a lifting effect.

5 Which ingredients help reduce the appearance of adipose tissue? Astragalus Membranaceus Root Extract, Methylsilanol Carboxymethyl Theophylline Alginate, Butcher's Broom and Lemon Extract help reduce the appearance of adipose tissue to slim and firm the neck.

6 Which ingredients provide moisture? Canarium Indicum Oil moisturises the skin. Cocos Nucifera (Coconut) Fruit Extract, a blend of lipids and triglycerides, improves barrier function and reduces trans-epidermal water loss (TEWL). Two peptides stimulate the synthesis of Hyaluronic Acid in the skin to boost hydration levels.

7 Which other Revision Skincare® products work well with Nectifirm® Advanced? Nectifirm® Advanced compliments all of our products but specifically pairs well with Revox™ 7 for use on the neck.
